4. Centralized Management of Digital Services Proposal (For Possible Action). Discussion and possible vote on recommendation to the Board of a budget concept and enhancement to B/A 2941 to support a project manager/curator, contracted services, for producing select digital activities at all museums. (For Possible Action) +

Review of Digital Program Manager (Curator 3) concept presented by Freedman. New concept to centralize support services for digital projects in the DMH office, serve all museums and unify

Dwyer: Concerned about packing too much into one position.
Timmins: Marketing rep would be less costly and more to the point of the position than a curator.

Freedman: Reviewed duties in concept. Looking for leadership to accomplish the six outlined duties. Could be a Sales and Marketing Rep classification.

Schorr: recommends someone strong in strategizing and project management, technical skills are secondary. Emphasize marketing.

Discussion: General agreement that proposed position should not be a curator but have a marketing background emphasis as opposed to education suitable for curator classification.

Dwyer: how is position funded?

Varner: the concept suggests MDTF funding out of DMH budget, possibly each museum budget to contribute.

Schorr: If funding is not there, how do we get it?

Freedman: At this time, it would have to fit within existing budget. Asking ASO to analyze that scenario in time to present enhancement in coming budget request. Will do follow up report to committee before then and analyze appropriate classification.

Schorr: the sooner someone is in place, the better.

5. E-Commerce Initiative (For Possible Action). Continuing discussion on strategy for establishing online store sales, the potential relation of this effort to Item 4 on this agenda, and possible vote on to services. (For Possible Action) +

Peterson: Proposed Shopify platform makes sense, has heard great things about it.

Schorr: Shopify made for this type of application.
