Good morning, Chase:

As this marker would be on land managed by a political subdivision of the state, and not this office, consultation with them required. However, if you would like to complete the application I previously sent to you, I can forward it to them once reviewed by my office. If you need an additional copy, please do not hesitate to let me know.

Hi Kristen,

I might going in a circle here, but is this the right contact to see if a historical marker can be placed at the **intersection of East Flamingo Road and Koval Lane?** I first talked to Rebecca at the State Historic Preservation Office, she forwarded me to Diane who is a Historic Preservation Officer in Las Vegas, and she forwarded me to Melissa in Clark County who sent me back here to the Historic Preservation Office.

My cell phone number is (571)235-6113.

Thank you,

Chase

Hi Melissa,

I don't have a site address other than it is the **intersection of East Flamingo Road and Koval Lane** (only address info available). Right at the corner of these streets and can be next to the sidewalk.

Here is my cell if you want to talk (571)235-6113.

Thanks!

Hi Jared & Melissa,

Happy Friday! My name is Chase and I have been filling out a Nevada historical marker application. The first page of the application asks who the owner of the property is where the marker shall be placed. I first talked to Rebecca at the State Historic Preservation Office, and she forwarded me to Diane who is a Historic Preservation Officer in Las Vegas. Diane said this would most likely be unincorporated Clark County and gave me both of your contacts to find out. The location for the proposed marker is at the **intersection of East Flamingo Road and Koval Lane**. Do you know whose property this is exactly to help proceed with the marker application?

My number is (571)235-6113.

Thank you!

Thanks,

Chase
