BOARD OF MUSEUMS AND HISTORY

**BOARD OF MUSEUMS & HISTORY
DIVISION OF MUSEUMS & HISTORY
MUSEUMS & HISTORY BOARD DEDICATED TRUST FUND - B/A 5033
BUDGET REQUEST SFY 2027**

NARRATIVE

The Board of Museums and History is made up of 12 members appointed by the Governor per NRS 381.002. Of those appointments, six members are appointed for their specific qualifications, including history, prehistoric archeology, historic archeology, architectural history, and architecture; five members are representative of the general public who are knowledgeable about museums; and one member who is an enrolled member of a Nevada Indian tribe and whose appointment is based on recommendation by the Nevada Indian Commission to the Governor.

The Board is responsible for development, review and approval of policy within the State Historic Preservation Office for matters relating to the State Historic Preservation Plan, nominations to the National Register of Historic Places including determination of eligibility, and nominations to the State Register of Historic Places including determination of eligibility.

The Board is responsible for establishment of museum stores for sale of gifts and souvenirs, such as publications, books, postcards, and such other related material as, in the judgment of the Board, is appropriately connected with the operation of the Museums. The Board is also responsible for developing, reviewing and approving policies, pertaining to the investments, budgets, expenditures and general control of the Division of Museums and History's private and endowed dedicated trust funds pursuant to NRS 381.003 to 381.0037.

The Board along with the Administrator has responsibility for acceptance of gifts that come to the Division with conditions or restraints and the Board must approve the sale or disposition of duplicates, surplus, and inappropriate items contained within the collections of the various museums.

Earnings from the museum trust funds are used to support travel for board meetings, cost associated with board meetings including preparation of materials, hosting the meetings and the annual audit of the trust funds. There are no staff positions funded with the private funds within this budget account.

**BOARD OF MUSEUMS & HISTORY
DIVISION OF MUSEUMS & HISTORY
MUSEUMS & HISTORY BOARD DEDICATED TRUST FUND - B/A 5033
BUDGET REQUEST SFY 2027**

NARRATIVE

The Board of Museums and History has specific statutory requirements under NRS 381.0045 including establishment of the categories and fees for membership, fees for admission (children 17 and under are free of charge), fees for train rides at applicable museums, and policies and fees for special use permits, rentals and leasing of buildings, equipment and property of the Division. In other matters, the Board serves in an advisory capacity to the Office of State Historic Preservation and the Division of Museums and History.

MAINTENANCE BUDGET ADJUSTMENT

NARRATIVE

The Maintenance Budget Adjustment provides for adjustments necessary to bring the base year, which is the last completed full year (ended the previous June 30th) into reconciliation with base plus salary and contractual requirements. In addition, the Maintenance Budget Adjustment provides for removal of expenditures (and associated revenues) made in the base year that were one-time, or non-reoccurring, as well as to increase expenditures where known factors such as personnel costs and/or obligated contractual requirements have pre-determined the actual expenditures and subsequently the revenue needs. All other changes are made in Enhancement Decision Units.

NARRATIVE

The Administration Office and staff for the Division of Museums and History is responsible for the administration of the Division and the submission of its budgets. The Administrator oversees the seven museums, and the programs, within the Division. The Administrator is responsible for all buildings and property, planning, fiscal management, personnel, and the general oversight of the Division. The Administrator is responsible to the Director of the Department of Tourism and Cultural Affairs for coordination of activities within the Department and other Divisions, compliance with departmental policies and procedures, implementation of divisional policies and procedures, and compliance with all the state and federal rules, regulations, statutes and laws.

The Division consists of the Office of the Administrator and the State system of museums. The Nevada State Museum, The Lost City Museum, Nevada State Museum- Las Vegas, Nevada Historical Society, East Ely Railroad Depot Museum, Nevada State Railroad Museum, Carson City and Nevada State Railroad Museum, Boulder City. Each institution, in accordance with the duties assigned to it by the Administrator, collects, preserves and interprets the history, prehistory and natural history of Nevada. In addition, two institutions provide train rides, a unique program and experience for visitors. The Division also collects, preserves, restores, and exhibits Nevada railroad artifacts, including rolling stock and locomotives. The Division Administration Office has four staff members. All positions are paid for with a combination of state general fund and transfers from Tourism in budget account #2941.

This budget is to allow for special projects that support the Division of Museums and History such as promotion and outreach to the public regarding marketing the Department and Division. All expenditures from this budget must be reported to Legislators when in session or in off years the Interim Finance Committee, on a semi-annual basis per NRS 381. These funds are used in order to support the various private funded endeavors throughout the Division.

BOARD OF MUSEUMS AND HISTORY

**BOARD OF MUSEUMS & HISTORY
DIVISION OF MUSEUMS & HISTORY
NEVADA HISTORICAL SOCIETY DEDICATED TRUST FUND - B/A 5035
BUDGET REQUEST SFY 2027**

NARRATIVE

The Nevada Historical Society (NHS) located in Reno collects, preserves and interprets for educational purposes artifacts, manuscripts, photographs, books, maps, newspapers and other materials that document the history of Nevada and the Great Basin. The Nevada Historical Society serves diverse audiences through exhibitions, educational programs, publications, and research services.

This budget account includes the following major program areas supported through private funds as provided for under NRS 381.

Administration, CAT 35: Administration support provides for oversight of the various private funded activities.

Nevada Historical Society Quarterly, CAT 37: Support provides for production, publishing, and distribution of the Nevada Historical Society Quarterly. Revenues generated are detailed under RGL #4008 and #4454.

Museum Store, CAT 41: As per NRS 381 the museum store falls under the oversight of the Board of Museums and History. Revenues generated as a result of sales are detailed under RGL #4025, and expenditures for the Museum Store are requested and expended within CAT 41.

Board Approved Special Projects, CAT 48: Support allows for assistance in maintaining a positive cash flow, as well as retaining overall revenues over expenditures of funds for each fiscal year. Unspent funds are balanced forward to the new year for merchandise purchases and salaries as needed at the end of each fiscal year. Use of these funds during a fiscal year must be approved by the Board of Museums and History (the Board) as an action item or, based on a pre-approved threshold, the Administrator of the Division and submitted to the Board as an informational item at the Board meeting immediately following the approval of the use.

Photo Sales, CAT 49: Support provides for reproduction and printing of photographs from the Nevada Historical Society's collections for public or commercial use. Revenues generated as a result of sales are detailed under RGL #4010, and expenditures are requested and expended within CAT 49.

MAINTENANCE BUDGET ADJUSTMENT

NARRATIVE

The Maintenance Budget Adjustment provides for adjustments necessary to bring the base year, which is the last completed full year (ended the previous June 30th) into reconciliation with base plus salary and contractual requirements. In addition, the Maintenance Budget Adjustment provides for removal of expenditures (and associated revenues) made in the base year that were one-time, or non-reoccurring, as well as to increase expenditures where known factors such as personnel costs and/or obligated contractual requirements have pre-determined the actual expenditures and subsequently the revenue needs. All other changes are made in Enhancement Decision Units.

Fiscal Year 2025
BUDGET REQUEST SFY 2027**

NARRATIVE

The Nevada State Museum (NSM) in Carson City engages diverse audiences in understanding and celebrating Nevada's natural and cultural heritage. The museum preserves heritage for long-term public benefit. The museum presents heritage through unique and authentic educational experiences, enhanced by an environment of comfort, interaction, and inspiration. Audiences learn what makes Nevada special. They gain stronger identity, connection, and validation. They develop a broader point of view and a sense of responsibility. The museum extends benefits to the greatest audience, provides leadership in heritage education, and adheres to the highest standards of public-trust stewardship. Ideally located in the state's seat of government, the museum serves as a major tourist attraction and contributor to the local economy and features the historic Carson City Mint. The former mint, adjoining wings, Loftin Park, north building and Dema Guinn Concourse provide facilities for education programs and exhibits, highlighting the state's prehistory, history, and natural history. In addition to the main museum, offsite facilities include the Marjorie Russell Clothing and Textile Research Center, Indian Hills Curatorial Center, and the NDOT collection storage facility.

Staff members include twenty-one (21) staff. Private trust funds fully support two (2) of these positions. In addition, the museum averages four (4) temporary contract positions. See the listing of positions below:

PCN #0010 - Museum Store, Manager - 100% private funding

PCN #0032 - Museum Store, Sales and Promotion Rep - 100% private funding

This budget account includes the following major program areas supported through private funds as provided for under NRS 381.

Anthropology, CAT 37: Support provides anthropology exhibits, education programs, curatorial services collection management, and use of archaeological site records for which fees are collected and expended through the private funds budget. In addition, the anthropology publication program's revenues from fees and expenditures are contained within this budget. This category includes one part-time position and general support throughout the other museum programs.

Natural History, CAT 39: Support provides natural history exhibits, education programs, and management of natural history collections, including plants, animals, rocks, minerals and fossils. Staff answers inquiries from the general public, as well as the scientific community, identifies specimens, provides limited loan material for teacher and researchers, and prepares written articles for the general public.

Administration, CAT 41: Support provides for oversight of the various private funded areas and supports professional development through out-of-state travel, dues and conference registrations, and publications. support provides for one (1) part-time sales and promotion staff position.

BOARD OF MUSEUMS & HISTORY
DIVISION OF MUSEUMS & HISTORY
Fiscal Year 2025
BUDGET REQUEST SFY 2027

Exhibits, CAT 43: Support provides for development of new exhibits relating to the museum's mission, maintenance of exhibits, and installation of traveling exhibits.

History, CAT 45: Support provides for history exhibits, education programs, and management of history collections. Support generates photograph sales, grants and gifts.

Board Approved Special Projects, CAT 48: Support allows for assistance in maintaining a positive cash flow, as well as retaining overall revenues over expenditures of funds for each fiscal year. Unspent funds are balanced forward to the new year for merchandise purchases and salaries as needed at the end of each fiscal year. Use of these funds during a fiscal year must be approved by the Board of Museums and History as an action item.

Museum Store, CAT 49: As per NRS 381, the museum store falls under the oversight of the Board of Museums and History. Revenues generated as a result of sales are detailed under RGL # 4025, and expenditures for the museum store are requested and expended within CAT 49. Support provides for one (1) full-time museum store program staff position.

Coin Press, CAT 50: Support provides for administration of the Coin Press No. 1 program approved by the Board of Museums and History. Funds cover the cost of medallions sold in museum stores, and fulfilling orders from outside organizations. Medallion sales provide general support for the other museum programs.

Coin Show, CAT 51: Support provides for the Coin Education Fair fundraiser, and general support throughout the other museum programs.

Restricted Collection Storage Maintenance, CAT 56: Support provides for a restricted, defined use of seventy five percent (75%) of funds that are collected through Revenue GL# 3871, Anthropology Fees to assure that a portion of funds collected for collection resource management are held for reinvestment into the CRM program to assure proper care and storage of collections that are collected.

MAINTENANCE BUDGET ADJUSTMENT

NARRATIVE

The Maintenance Budget Adjustment provides for adjustments necessary to bring the base year, which is the last completed full year (ended the previous June 30th) into reconciliation with base plus salary and contractual requirements. In addition, the Maintenance Budget Adjustment provides for removal of expenditures (and associated revenues) made in the base year that were one-time, or non-reoccurring, as well as to increase expenditures where known factors such as personnel costs and/or obligated contractual requirements have pre-determined the actual expenditures and subsequently the revenue needs. All other changes are made in Enhancement Decision Units.

NARRATIVE

Nevada State Railroad Museum - Carson City

The Nevada State Railroad Museum - Carson City (NSRM-CC) is located on a thirteen-acre site consisting of various facilities including a restoration shop, engine house and collection storage building, interpretive center, restored historic railroad station, track, rail spurs, turntable, and other support facilities. The museum houses the largest single extant collection of Virginia and Truckee Railroad locomotives and rolling stock and strives to educate visitors on how the railroads of Northern Nevada enabled settlement and the rapid, profitable exploitation of resources in a hostile environment. The current collection exceeds 24,000 catalogued artifacts, memorabilia, photographs, records and hardware. The ongoing railroad restoration program is nationally recognized, and the staff complete restoration projects with the highest professional standards while maintaining historic locomotives and cars in safe operating condition, and providing a variety of support to other agencies within the division.

The Nevada State Railroad Museum - Carson City has a total of eleven full time staff members, ten of whom are paid with a combination of Tourism Funds and General Funds, and one is paid from private funds generated by the museum store.

This budget account includes the following major program areas supported through private funds as provided for under NRS 381:

Category 35, Administration, support provides for oversight of the various private funded areas which supports professional development through out-of-state travel, dues and conference registrations, and publications.

Category 36, Reserved for Future Use

Category 37, Exhibits, these funds provide for development and construction of exhibits that support the museum's mission, for maintenance of galleries and exhibit areas, while providing critical support for the development of new exhibits.

Category 45, Museum Store, as per NRS.381 the museum store falls under the oversight of the Board of Museums and History. Revenues generated as a result of sales are detailed under RGL #4025, and expenditures for the museum store are requested and expended within CAT 45. Revenue also supports a 1 FTE (40 hours per week) position responsible for museum store management. This occurs through a transfer of funds to state budget account #4216, Nevada State Railroad Museums.

BOARD OF MUSEUMS & HISTORY
DIVISION OF MUSEUMS & HISTORY
Fiscal Year 2025
BUDGET REQUEST SFY 2027

Board Approved Special Projects, CAT 48: Support allows for assistance in maintaining a positive cash flow, as well as retaining overall revenues over expenditures of funds for each fiscal year. Unspent funds are balanced forward to the new year for merchandise purchases and salaries as needed at the end of each fiscal year. Use of these funds during a fiscal year must be approved by the Board of Museums and History (the Board) as an action item or, based on a pre-approved threshold, the Administrator of the Division and submitted to the Board as an informational item at the Board meeting immediately following the approval of the use.

MAINTENANCE BUDGET ADJUSTMENT

NARRATIVE

The Maintenance Budget Adjustment provides for adjustments necessary to bring the base year, which is the last completed full year (ended the previous June 30th) into reconciliation with base plus salary and contractual requirements. In addition, the Maintenance Budget Adjustment provides for removal of expenditures (and associated revenues) made in the base year that were one-time, or non-reoccurring, as well as to increase expenditures where known factors such as personnel costs and/or obligated contractual requirements have pre-determined the actual expenditures and subsequently the revenue needs. All other changes are made in Enhancement Decision Units.

Support allows for assistance in maintaining a positive cash flow, as well as retaining overall revenues over expenditures of funds for each fiscal year. Unspent funds are balanced forward to the new year for merchandise purchases and salaries as needed at the end of each fiscal year. Use of these funds during a fiscal year must be approved by the Board of Museums and History (the Board) as an action item or, based on a pre-approved threshold, the Administrator of the Division and submitted to the Board as an informational item at the Board meeting immediately following the approval of the use.

NARRATIVE

The Nevada State Railroad Museums - Boulder City (NSRMBC) is the newest museum operating within the Division of Museums and History. After several years of development, the Boulder City Railroad Museum commenced a regular schedule of public train excursions as the primary element of their interpretive program in 2001. Trains run on weekends and holidays, over 4.5 miles of the historic Boulder Branch of the Union Pacific Railroad. Passengers experience views of the sprawling El Dorado Valley, McCullough and River mountain ranges, while riding in historic railroad passenger cars dating back to 1911. In addition, strategic collection management coordination with the Nevada State Railroad Museum, Carson City, has resulted in cosmetic restoration of selected pieces of the Boulder City collection. Largely this work has been accomplished with volunteer labor and donated materials. These restored pieces are on public display in the covered equipment pavilion which improves public reach and effectiveness of the interpretive program. The railroad is located along the primary route to and from Hoover Dam, which is served by major tour operators in Las Vegas. With the Clark County Heritage Museum in Henderson and the Boulder City/Hoover Dam Museum in Boulder City, the Nevada State Railroad Museum - Boulder City is perfectly situated an evolving cultural tourism/recreation corridor. The Nevada State Railroad Museum - Boulder City has a total of three staff. As of SFY 2021 all staff are paid with General Funds (22.5%), Tourism Funds (27.5%) and Train Ride (50%).

With the I-11 project opening in August 2018, the museum now finds itself at the center of efforts in Boulder City to assure future economic vitality. Funds provided by the Department of Tourism and Cultural Affairs enabled contracting with an architectural and engineering firm for site master planning and design of expanded public facilities, including a critically needed visitor center for the railroad museum. These facilities will be located at the far eastern end of the railroad yard and museum property. Infill with park elements and extension of the existing biking/hiking trail system, to and through the museum property is envisioned. Together, significant new recreational, educational and interactive experiences will be possible. Capital funding for construction of the expanded facilities is being actively pursued through public (AB84 and SB 64) and private sources.

Major program support for the NSRMBC includes volunteer host fund expenses, temporary supplemental staff, and provision for the sale of railroad collections and expenditure of those funds for the development of the facility.

MAINTENANCE BUDGET ADJUSTMENT

NARRATIVE

The Maintenance Budget Adjustment provides for adjustments necessary to bring the base year, which is the last completed full year (ended the previous June 30th) into reconciliation with base plus salary and contractual requirements. In addition, the Maintenance Budget Adjustment provides for removal of expenditures (and associated revenues) made in the base year that were one-time, or non-reoccurring, as well as to increase expenditures where known factors such as personnel costs and/or obligated contractual requirements have pre-determined the actual expenditures and subsequently the revenue needs. All other changes are made in Enhancement Decision Units.

NARRATIVE

The East Ely Railroad Museum (EERDM) is recognized as a center for history in eastern Nevada. The facility consists of over 18,400 square feet of interpretive exhibit space in two buildings with associated manuscripts and artifact collections. The museum's mission is to protect and preserve eastern Nevada's industrial heritage. The museum operates and until April 2017, provided visitor services in collaboration with the Nevada Northern Railway Foundation and the City of Ely via a joint revenue and services agreement. The non-profit Foundation which operates the railroad however, terminated the existing joint agreement for revenue collection and sharing, citing costs and a vague clause in the original deed transferring the property to the State of Nevada, placing future joint ventures in question. The museum utilizes its collection and documents and artifacts to educate the local public and out-of-area visitors of the importance of eastern Nevada to the state's development. Included in the educational program is an extensive outreach program to local schools and educational tours of the facility. The East Ely Railroad Depot Museum has a total of 1 1/2 FTE staff, both paid with a combination of Tourism Funds (55%) and General Funds (45%). A small dedicated group of volunteers provide services to visitors.

MAINTENANCE BUDGET ADJUSTMENT

NARRATIVE

The Maintenance Budget Adjustment provides for adjustments necessary to bring the base year, which is the last completed full year (ended the previous June 30th) into reconciliation with base plus salary and contractual requirements. In addition, the Maintenance Budget Adjustment provides for removal of expenditures (and associated revenues) made in the base year that were one-time, or non-reoccurring, as well as to increase expenditures where known factors such as personnel costs and/or obligated contractual requirements have pre-determined the actual expenditures and subsequently the revenue needs. All other changes are made in Enhancement Decision Units.

LOST CITY MUSEUM, BA 5038
BUDGET REQUEST SFY 2027

NARRATIVE

The Lost City Museum in Overton is a Civilian Conservation Corps built pueblo-revival structure established in the wake of construction of the Hoover Dam as a result of the nation's commitment to conserve aspects of its past. As part of the federal project, officials established the facility to house materials retrieved from land scheduled to be inundated by Lake Mead. The result is one of the finest archeology museums in the western United States that attracts numerous tourists annually.

This budget account includes the following major program areas supported through private funds as provided for under NRS 381.

Administration, CAT 35: Administration support provides for oversight of the various private funded areas including marketing and general operations.

Archaeology, CAT 36: These special operating funds (archaeology) are used for supplies, equipment, testing, and expenses that make possible laboratory analysis, object conservation and storage, and educational programs and workshops.

Buildings & Grounds/Exhibits, CAT 37: These funds provide for development and construction of exhibits that support the museum's mission, for maintenance of indoor galleries and outdoor exhibit areas, and for equipment needed to conduct museum programs.

Museum Store, CAT 41: As per NRS 381, the museum store falls under the oversight of the Board of Museums and History. Revenues generated as a result of sales are detailed under RGL #4025, and expenditures for the museum store are requested and expended within CAT 41. Support also includes 1.11 FTE for two part-time museum store positions (Museum Attendant 1) and the private funds budget in general.

Board Approved Special Projects, CAT 48: Support allows for assistance in maintaining a positive cash flow, as well as retaining overall revenues over expenditures of funds for each fiscal year. Unspent funds are balanced forward to the new year for merchandise purchases and salaries as needed at the end of each fiscal year. Use of these funds during a fiscal year must be approved by the Board of Museums and History (the Board) as an action item or, based on a pre-approved threshold, the Administrator of the Division and submitted to the Board as an informational item at the Board meeting immediately following the approval of the use.

Special Projects: CAT 42: Provides support for special projects that may be one-shot or annual programs. These projects result in raising funds for the private funds budget in general.

NARRATIVE

The goal of the Nevada State Museum Las Vegas (NSMLV) located in Las Vegas is to advance peoples' understanding of the history, prehistory, and natural history of Nevada. The NSMLV accomplishes this through its programming which includes exhibits, educational programs, scholarly works, media productions, and responses to informational requests. Museum staff are working to make its program areas more exciting and accessible to locals and visitors. The NSMLV is an AAM accredited museum.

This budget account includes the following major program areas supported through private funds as provided for under NRS 381:

Administration, CAT 35: Administration support provides for oversight of the various private funded areas. This category also supports a .51 FTE Museum Attendant that provides support for all MDTF activities.

Programs, CAT 37: Support provides for museum programming materials and services. Revenues generated as a result of programs are detailed under RGL #3871, and expenditures are requested and expended within CAT 37.

Special Collections, CAT 39: Support provides for reproduction and printing of photographs from the collections for public or commercial use. Revenues generated as a result of sales are detailed under RGL #4010, and expenditures are requested and expended within CAT 39.

Collections CAT 42: Support provides for collection activities and acquisition of artifacts. Revenues generated as a result of programs are detailed under RGL #3871, and expenditures are requested and expended within CAT 42.

Natural History, CAT 47: Support allows the museum to purchase collection specimens, reference materials, and maintenance supplies all in support of the natural history collections. The general fund does not always provide enough funds to support the education programs.

Board Approved Special Projects, CAT 48: Support allows for assistance in maintaining a positive cash flow, as well as retaining overall revenues over expenditures of funds for each fiscal year. Unspent funds are balanced forward to the new year for merchandise purchases and salaries as needed at the end of each fiscal year. Use of these funds during a fiscal year must be approved by the Board of Museums and History (the Board) as an action item or, based on a pre-approved threshold, the Administrator of the Division and submitted to the Board as an informational item at the Board meeting immediately following the approval of the use.

Museum Store, CAT 49: As per NRS 381 the museum store falls under the oversight of the Board of Museums and History. Revenues generated as a result of sales are detailed under RGL #4025, and expenditures for the museum store are requested and expended within CAT 49. The Museum Store category supports a 1 FTE position responsible for museum store management. This occurs through a transfer of funds to state budget account #2943, Nevada State Museum Las Vegas.

Private Grants, CAT 55: This category contains the private grant funds for use within the agency.

MAINTENANCE BUDGET ADJUSTMENT

NARRATIVE

The Maintenance Budget Adjustment provides for adjustments necessary to bring the base year, which is the last completed full year (ended the previous June 30th) into reconciliation with base plus salary and contractual requirements. In addition, the Maintenance Budget Adjustment provides for removal of expenditures (and associated revenues) made in the base year that were one-time, or non-reoccurring, as well as to increase expenditures where known factors such as personnel costs and/or obligated contractual requirements have pre-determined the actual expenditures and subsequently the revenue needs. All other changes are made in Enhancement Decision Units.

Credit card fees are based on revenues received through credit card transactions. Revenues supported through credit card transactions include store sales, membership sales, donations (both restricted and unrestricted), facility rentals, photograph sales, and other programs and events that generate Trust Fund revenues. Because of the wide-ranging revenues received through credit card transactions expenditure support should be placed in Category 35, Administration, and removed from Category 49, Museum Store. A Maintenance Budget Adjustment has been submitted to transfer this expenditure to the more appropriate expenditure category.

<p>7073 CONTRACTS - SOFTWARE MAINTENANCE</p> <p>This line item include funds for technical support and ongoing software assurance support of the museum store's point of sale system. Technical support of the store point of sale system is needed to assure accuracy of the computerized inventory system. The cost of the technical support is \$150 for each hour and it is expected that the museum store requires a bank of 10 hours for the fiscal year. Annual Software Assurance costs provide software support which includes all upgrades and training. These services support the museum store, which continues to be an important source of revenue for the private funds. All museum stores are overseen by the Board of Museums and History and included in the private fund budgets per NRS 381. These expenses provide for continuation of private budget activities supported by the museum store. A Maintenance Budget Adjustment is requested to adjust base year amounts to the anticipated need in SFY 2027</p> <p>\$ 1,730 Base SFY 2025 \$ 3,480 Maintenance Adjustment \$ 5,210 Anticipated Revenue for SFY 2027</p>	5,210
